

THE PEPTIDES - Synthesis, Analysis, Medicine

prof. dr Witold Neugebauer

Sherbrooke University, Faculty of Medicine, Pharmacology Department
witold.neugebauer@usherbrooke.ca

Abstract:

Principles of peptide synthesis

Classical peptide synthesis

Solid phase peptide synthesis

Purification of peptides (chromatography)

Identification of peptides (mass spectrometry)

Chemical modification of peptides to their therapeutic use

Angiotensin

Bradykinin

PTH

Venom peptides

Receptors

Convertases – development of their selective inhibitors

Cancer diagnostic

Termin	Dzień tygodnia	Godzina	Miejsce
26 czerwiec 2023	poniedziałek (Monday)	10.15 - 13.00	215 Chemia A
27 czerwiec 2023	Wtorek (Tuesday)	10.15 - 13.00	215 Chemia A
28 czerwiec 2023	Środa (Wednesday)	10.15 - 13.00	215 Chemia A
29 czerwiec 2023	Czwartek (Thursday)	10.15 - 13.00	215 Chemia A
30 czerwiec 2023	Piątek (Friday)	10.15 - 13.00	215 Chemia A
